Authorized Body 204

empowered by the Decision of the COSMT No. 01/2003 of 23.01.2003
Branch Office 0900 – Technical Services

**CERTIFICATE
OF FACTORY PRODUCTION CONTROL**

No. 204/C6/2006/090-13468

In compliance with the enactment of Article 6 Clause 2 of the Government Decree No. 163/2002 Coll., that lays down technical requirements for selected construction products, as amended by Government Decree No. 312/2005 Coll., it is confirmed, that in case of the construction product

**Metal connecting components for gypsum plasterboard systems
and compartment ceilings**

manufacturer:

TAMADEX spol. s r.o.

INo: 26001853
address: Zbečnick 19, 549 31 Hronov, Czech Republic
plant: Tamadex spol. s r.o.
INo: 26001853
address: Zbečnick 19, 549 31 Hronov, Czech Republic
order: Z090010803

the Authorized Body has assessed the factory production control, that meets relevant technical documents according to Article 6 Clause 1d) of the above mentioned Government Decree and has stated, that

- the factory production control ensures that products put on the market meet the requirements given in designated standards and technical regulations:
STO No. 090-013164 of 26.7.2005
and comply with relevant technical documentation according to Article 4 Clause 3 and with a document issued according to Article 6 Clause 1a) concerning the initial type-testing. The Test Record No. 090-013163 of 2.2.2005 issued by TZÚS Praha s.p., Branch Office 900 is considered to be this document.

The Factory Production Control Assessment Record No. 090-013165 of 26.7.2005 containing conclusion of findings and a product description is to be considered as an integral part of this certificate.

This certificate remains valid as long as the requirements given in the designated standards *and technical regulations* referred to hereinabove or the manufacturing conditions in the factory or the factory production control itself are not modified significantly.

The Authorized Body performs at least once a 12 months the surveillance of proper function of the factory production control. If the Authorized Body identifies some failures, it is competent to cancel or change this certificate.

The person taking overall responsibility for this certificate:
